Conditions of Joining Agreement

General Practice Specialty Training Programme

Please note: This is not an offer of employment.

Dear Postgraduate Dean,

On accepting an offer to join a training programme in **General Practice**, I agree to meet the following requirements throughout the duration of the programme:

- I will always have at the forefront of my clinical and professional practice the principles of *Good Medical Practice* for the benefit of safe patient care. I am aware that *Good Medical Practice* requires me to keep my knowledge and skills up to date throughout my working life, and to regularly take part in educational activities that maintain and further develop my capabilities, competence and performance.
- As a resident doctor in training, I will make myself familiar with my curriculum and meet the requirements set within it. I will use the available training resources optimally to develop my knowledge, skills and attitudes to the standards set by the relevant curriculum. This will include additional requirements as set out by the relevant curriculum.
- I will ensure that the care I give to patients is responsive to their needs, and that it is equitable, respects human rights, challenges discrimination, promotes equality, and maintains the dignity of patients and carers.
- I will ensure that I treat my clinical and non-clinical colleagues with respect, promoting a culture of teamworking across all professions working in healthcare.
- I will maintain my General Medical Council (GMC) registration with a licence to practise (even if temporarily out of programme). For all resident doctors in training, failure to do so may result in a police investigation, immediate suspension from employment and referral to the GMC. Failure to do so may also result in my removal from the training programme.
- I understand my responsibilities within revalidation, that I must declare my full scope of practice (including locum positions) and that I will provide evidence for all areas of activity using Form R (Part B) to inform the Annual Review of Competence Progression panel and Responsible Officer (RO) of my full scope of practice. I understand that my RO is the Postgraduate Dean (or the Medical Director in Health Education and Improvement Wales (HEIW), and the Northern Ireland Medical and Dental Training Agency (NIMDTA)), and that NHS England Workforce,

Training and Education (NHSE WTE), Public Services Delivery Scotland (PSD Scotland), HEIW or NIMDTA is my designated body.

- I agree that I will only assume responsibility for or perform procedures in areas where I have sufficient knowledge, experience and expertise as set out by the GMC, my employers and my clinical supervisors.
- I will have adequate insurance and indemnity cover, in accordance with GMC guidance. I understand that personal indemnity cover is also strongly recommended.
- I will inform my RO, NHSE WTE/PSD Scotland/HEIW/NIMDTA and my employer immediately if I am currently under investigation by the police, the GMC/General Dental Council (GDC), NHS Resolution or other regulatory body, and I will inform my RO and NHSE WTE/PSD Scotland /HEIW/NIMDTA if I am under investigation by my employer. I also agree to share information on the progress of any investigations.
- I will inform my RO, NHSE WTE/PSD Scotland/HEIW/NIMDTA and my employer immediately if the Medical Practitioners Tribunal Service or GMC/GDC place any conditions (interim or otherwise) on my licence, or if I am suspended or erased/removed from the medical or dental register /Performers List, or if NHSE WTE/PSD Scotland/HEIW/NIMDTA takes action to restrict my ability to work as a doctor or a dentist.
- I will provide my employer and NHSE WTE/PSD Scotland/HEIW/NIMDTA with adequate notice as per GMC guidance/contract requirements if I wish to resign from my post/training programme.
- I will maintain a prescribed connection with NHSE WTE/PSD Scotland /HEIW/NIMDTA, work in an approved practice setting until my GMC revalidation date (this applies to all doctors granted full registration after 2 June 2014) and comply with all requirements regarding the GMC revalidation process.
- I will ensure that I comply with the standards required from doctors when engaging with social media, and I will adhere to my employer's policy on social media and GMC guidance.
- I acknowledge that as an employee in a healthcare organisation, I accept the responsibility to abide by Good Medical Practice and work effectively as an employee for that organisation; this includes familiarity with policies (including absence policies) as well as participating in pre-employment checks and occupational health assessments, employer /departmental inductions, and workplace-based appraisal and educational appraisal.
